

The Blackmore Vale Partnership

Practice Based Pharmacy Technician

We are looking for an enthusiastic and experienced GPhC Registered Pharmacy Technician to support the GPs and the Practice Pharmacist in ensuring the delivery of safe, effective and efficient systems for repeat prescribing and optimisation of medicines management. In order to be successful in this role you will need to have excellent communication skills and good IT abilities as well as a sound knowledge of medicines management and medicines optimisation gained in either primary or secondary care settings.

The Technician will help us develop the practice for the future and maintain the quality of our practice and explore new horizons. We are located in a beautiful part of North Dorset with excellent links both road and rail with London. There are fantastic local schools both state and private. The coast is within easy reach for sailing, diving and outdoor pursuits.

We can offer you:

- Family friendly environment, open to job sharing arrangements
- Competitive salary commensurate with experience (negotiable, equivalent to Band 5 or 6 depending on experience)
- Excellent practice prescribing history and involvement with the medicines management team of the CCG
- Permanent contract
- Start date: negotiable

Sound interesting?

Why not come and meet us informally or chat to our Pharmacy Technician on the phone?
