NHS

NHS COVID PASS

The NHS Covid pass closed on 4 December 2023, as vaccination status no longer needs to be demonstrated domestically or for international travel.

The NHS App continues to provide a simple and secure way for you to access a range of NHS services.

You will still see this information on your GP health record on the NHS App within the 'Check Your Covid-19 Vaccine Record' section found under the 'Your Health' icon.

Please be aware that travel restrictions and requirements can change. You should stay up to date with the latest information from the relevant authorities when planning your international travel.

More information relating to entry requirements can be obtained from the Foreign Office Travel Advice website.
